### MAKITA JR3050T

**\$89**

1 - 1/4" cutting capacity with case

### MAKITA JR3070CT

**ONLY \$129**

The JR3070CT with AVT® is powered by a 15 AMP motor with electronic speed control to maintain constant speed under load. The JR3070CT has a long 1-1/4" stroke for faster cutting with 0-2,800 strokes per minute (SPM) and a variable speed dial with six different preset speeds to match the speed of the saw to the application. The unique clutch system extends the tool life by protecting the gears should the blade bind. It also has orbital action with 4 settings to choose from for high speed cutting.
